## VACCINATION SAVES MANY.

**Heavy Mortality in Chicago Owing to Neglect of It.**

SPRINGFIELD, Ills., Jan. 5.—In his annual report the secretary of the state board of health quotes from the report of Health Commissioner Reynolds on Chicago statistics to prove the efficacy of vaccination. The report says a total of 3,062 cases and 1,029 deaths from smallpox during 1894 in Chicago teaches the lesson of neglected vaccination. Almost 45 per cent of the cases showed no evidence of vaccination, and more than 65 per cent of the unvaccinated died. Only 6.8 per cent of those who showed signs of vaccination died.

## To Clean Bronzes.

It is not a good plan to clean bronzes, as the polish is very easily spoiled, but if necessary nothing is better than cleaning them with water and ammonia, using a stiff brush like a nail-brush. Dry carefully after rinsing thoroughly. They should be carefully dusted every day with a soft cloth and a feather brush, and a little sweet oil may be rubbed on occasionally. To remove stains from bronze make the article very hot by dipping it in boiling water; then rub it with a piece of flannel dipped in suds made from yellow soap, rubbing clean with soft linen cloths.—Chicago Herald.
